

## October 8, 2020 Meeting minutes

Present: Adam Rodgers, Randy Waterous, Ian Wiles, Kathleen McGuinness, Tara Riemer, Tyler Hodgkinson, Ian Dennis

### Budget review

- Ian D. has spent little time on the suite the past few months. There is approximately \$7700 remaining. Should be enough to complete the 2020 resultant and QA

### Update on 2020 resultant progress

- There hasn't been progress as the F-Own layer was not available for Ian D. to use. Ian now has the information and is able to move forward.

### Boundary ungulate winter range clarification update

- Members have indicated that they have found it useful

### Provincial old growth report (Merkel/ Gorley)

- The report was released by the ministry in September. Ian sent out the link to all users at that time. Suggest all members at least read the recommendations and consider how they may impact their operation.

### Canfor CFLB

- Canfor expressed some interest to Kathleen about comparing CFLB's. they indicated they would contact Ian W. No contact to date. Ian will provide any applicable info to the group.
